

AKBA

BOAT WASHING

SHAMPOO (CONCENTRATED)

Usage areas:

AKBA Boat Wash Shampoo is an environmentally friendly boat cleaning product. Cleans all marine surfaces including fiberglass, vinyl, plastic, rubber, glass, metal and painted areas.

Features:

- It leaves a water-repellent film on the surface and makes subsequent washings easier and more effective.
- It has non-foaming feature. It saves water.
- With its specially developed strong formula, it cleans all dirt and stains such as oil, fuel, bird droppings deeply, polishes and provides shine without damaging the deck equipment and the top coat paint.
- 92% Biodegradable in nature within 30 days.

Usage:

Dilute between 1/100 and 1/200 according to the contamination of the surface. Apply AKBA Boat Wash Shampoo with low pressure spray, high pressure, brush, sponge or a cotton cloth. Then leave it for 1-2 minutes to see its function. Then rinse with water.
